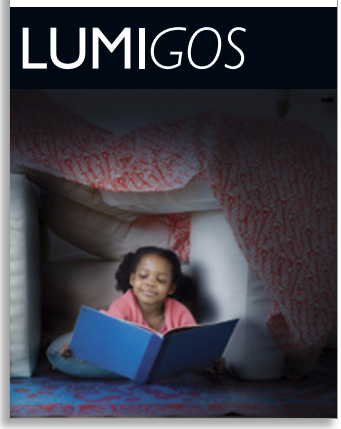
Philips LUMIGOS
Table lamp

CandleLights Princess
pink
LED



69125/28/PH

Create any ambiance, excite with light

Similar to the glass CandleLights but in unbreakable plastic holders, the Coloured CandleLights add a modern dimension to home ambience. They give off a warm glow with a gentle flicker, but without the risk of open flames.

Freedom of placement
- Battery operated, no need to connect to mains while in use
- Weatherproof for indoor and outdoor use

Ease of use
- Simply tilt the candle to turn it on and off
- Easy wireless induction charging no hassle with wires
- Up to 20 hours of light on a single charge

Safe to use
- LED technology is cool to touch
- Innovative LED technology with extremely long operating life
- No open electricity
- Unbreakable robust plastic holder

Ambiance light effect
- Flickering light that is like a real candle

PHILIPS

Table lamp
CandleLights Princess pink, LED

6912528PH

Highlights

Flickering light
They give off a warm glow with gentle flicker, but without the risk of open flames and hot wax

Easy to switch on and off

By tilting the LED candle light you can switch it on and off. Surprisingly easy and funny.

Wireless charging
Easy recharging of the products with wireless induction charger

Cool to touch

While having the light effect the product remains cool to touch because of the Philips LEDs.

No open electricity
By using unduction charging and waterproof products the user is not confronted with open electricity.

Weatherproof
Weatherproof for indoor and outdoor use

Rechargeable batteries
They provide more than an evening of light per charge, and are easily recharged using the wireless induction charger.

Unbreakable
There is no chance of broken glass when the plastic candles fall on a hard surface. Safe for any situation where this risk is eminent.

Innovative LED technology

Low-power LEDs are used in a wide variety of lighting applications requiring a lower level of illumination. These are typically used for decorative ambient lighting and orientation purposes.

Up to 20 hours of light
They provide more than an evening of light per charge, and are easily recharged using the wireless induction charger.
